
THE GOVERNOR SPEAKS

First of all I want to say thank you to all who have supported me as your Governor this past year, I know some things have not been easy but we have managed to make it another year without any major problems. We have had a lot of things take place at our lodge home, all to make it a better place for you the member to enjoy. We are still working on a few of them along with some new ones, but I know with your support we will be successful in what we do.

We have applied for a community garden spot to help grow some of our on items that we buy as soon as we have more information on this we will let you know how you can help. Please show your support to the new boards of the lodge and chapter, they will need a lot of help to be successful in the upcoming year. I am looking for a group of volunteers to help with two *major* events this coming year, one will be the fireworks fundraiser and the other will be planning our 105 anniversary in September, if you are willing to help with any of these two items please let me know. Once again thank you for all you do.

Fraternally Yours,
Charlie Carr

FROM THE ADMINISTATOR

And then there was Lights, the new PGE Parking Lot light poles have been installed. Please be sure to visit your lodge as often as you can, for without you and your support we cannot survive. If you are not receiving your email updates or newsletter it is either we have the wrong email address or we don't have it at all, please make sure that we have the correct one.

The House committee has approved the purchase of an eight camera security system, five cameras for outside our building and three cameras inside our building for security purposes for the lodge and the membership; part of this system has already been installed. Please remember that this system is there for the protection on our building and our members.

Here is the link to Oregon Moose Association web page, <http://oregonmooseassociation.com/>, take a look at it to see what is happening in the state and districts.

Fraternally Yours,
Dan Barrett
